****

Notice of Privacy Practices: I have been offered a copy of privacy practices for Louisiana Family Eyecare (LAFE).

__ Do not share my health information with anyone.
__ It is ok to share my health information with _____.
Family Member's Name

Consent for Treatment: I hereby authorize LAFE to administer diagnostic and medical procedures as necessary.

Retinal Exam: We recommend one of the following options annually for early detection of eye disease. Please select one of the following options.

_____**OPTOMAP** We are committed to providing the highest level of care by using the most advanced diagnostic tools. Optomap is a scanning laser that is able to image 80% of the retina WITHOUT being dilated. Please alert technician if you have a with a history of seizures. ***The fee for this is $39 and is not covered by insurance.***

____ **Dilation** Drops are placed in the eyes to enlarge the pupils so that the doctor can examine your retinas. You will be sensitive to light and have blurry near vision for 3 to 6 hours. Driving is generally possible, however caution should be exercised.

Insurance: Most insurance policies pay only a portion of your total charges. We do not guarantee the accuracy of benefit information given to us by insurance companies. Please understand that financial responsibility for your account is yours. I authorize the release of any medical or other information necessary to process insurance claims. I authorize payment to LAFE for services and materials rendered today and in the future. I understand that I am responsible for any amount not covered by insurance (e.g. deductible, co-payments, and denials for services/materials rendered) and that professional services and products are nonrefundable.
I acknowledge that the information above is accurate and that I have read and understand the policies.
